*Quality Materials • Quality Engineering • Quality Manufacturing*

[AFAindustries.com](http://AFAindustries.com)

AFA Industries has a complete offering of engine parts for a variety of Cummins® engines to rebuild most everything on the engine. Also available are Cylinder Components, Valve Train parts, Water and Oil pumps, Cooling System Components, Fuel System Components, and other engine parts to help you repair most components for the K Series engines as well as most all Cummins engines available.

Consult your OE reference materials for exact applications.  
Refer to the OEM service manual for proper engine assembly procedures.  
Contact your local sales representative or AFA Certified Distributor for more information
