

Superior Quality Caterpillar Cylinder Liners

For 3400, 3406, 3408, 3412, C15 and C16 Engines

- * Induction hardened liners for strength and improved wear resistance.
- * Plateau honed for improved ring sealing.
- * Rolled-flange manufacturing process to eliminate flange breakage.
- * Each liner is CNC machined for consistent dimensional stability.
- * Tested and verified to withstand the highest flange loads under which these engines perform.
