

## **Detroit Diesel Articulated Steel Piston**

AFA Industries ARTICULATED STEEL PISTON with 16.5:1 C.R. and a 3.0MM Top Piston Ring included in Cylinder Kit part number D23532554 is available today, ready to ship! Also available are Piston Kits, In-Frame and Complete Overhaul Kits for the Detroit Diesel® Series 50 8.5L & Series 60 11.1L/12.7L engine families.

**IN STOCK TODAY!!!**

### **Features & Benefits of this new Cylinder Kit include:**

- 3.0MM top piston ring with special proprietary coating to reduce high heat scuffing and provide excellent break-in protection.
- Manganese Phosphate coating on the piston crown to improve break-in performance, provide superior corrosion resistance and help reduce pin bore scuffing.

### **Features & Benefits of AFA's In-Frame & Overhaul Kit packages include:**

- Bainitic® liners for strength and improved wear resistance.
- AFA's AFLAGRAPH® Graphite Cylinder Head Gasket that features steel staked water jacket grommets, stainless steel fire rings and a rigid steel core that provides superior sealing capabilities.
- Advanced alloy rod and main bearings for enhanced durability.

### **Part Number OH23532554 - Complete Overhaul kit - W/O Valve Cover Gasket**

Contains the Pistons, Liners, Liner Sealing Rings, Piston Rings, Upper Gasket Set, Lower Gasket, Injector O-Rings, Rod & Main Bearings, Piston Cooling Nozzles, Head Bolts, Cam Bearings & Thermostats to repair the engine while it is out of the vehicle.

### **Part Number IF23532554 - In-Frame Overhaul kit - W/O Valve Cover Gasket**

Contains the Pistons, Liners, Liner Sealing Rings, Piston Rings, Upper Gasket Set, Oil Pan Gasket, Injector O-Rings, Rod & Main Bearings, Piston Cooling Nozzles, Head Bolts, Cam Bearings & Thermostats to repair the engine while it is still in the vehicle.

### **Part Number D23532554 - Cylinder kit**

Contains the Piston, Liner, Liner Sealing Rings, Piston Rings, Piston Pin, Piston Pin Retainers, Piston Cooling Nozzle & Bolt.

### **Part Number D23532552 - Piston kit W/Pin & Retainers**

Contains the Piston, Piston Pin, and Piston Pin Retainers.
