# NEW PRODUCT ANNOUNCEMENT

AFA Industries is pleased to announce the availability of new engine parts and kits for popular Caterpillar®, Cummins®, Detroit Diesel®, and Navistar® applications. Contact your local sales representative or AFA Certified Distributor for more information.

AFA is pleased to announce the availability of overhaul kit **AFA-IFDD152817910**, which fits Detroit Diesel DD15 GHG17 model engines, most notably the 472.910 model engines.

This kit features:

- Friction welded pistons with special manganese phosphate coating, which improves wear and corrosion resistance, provides improved lubrication retention and thermal protection.
- Premium Quality Graphite Embedded Precision Cast Iron Liners provide durability and wear resistance, for long-lasting performance.
- Custom head gasket set with all the gaskets and seals you need to complete the job.
- Special PVD coated bearings for superior wear and corrosion resistance, thermal stability, increased fatigue resistance, and better lubrication retention.
- State of The Art Packaged Overhaul kit comes fully complete with the following components
  - Cylinder Kits w/Liners and Seals, Anti-Polishing Rings, Pistons, Pins, Rings, Retainers and Piston Cooling Nozzles
  - Rod Bearings
  - Main Bearings
  - Thrust Bearings
  - Connecting Rod Bearings
  - Special head gasket set w/injector o-rings and much more
  - Cylinder Head Bolts
  - Connecting Rod Bolts
  - Main Bearing Cap Bolts
  - Oil Pan Gasket
