AFA INDUSTRIES™

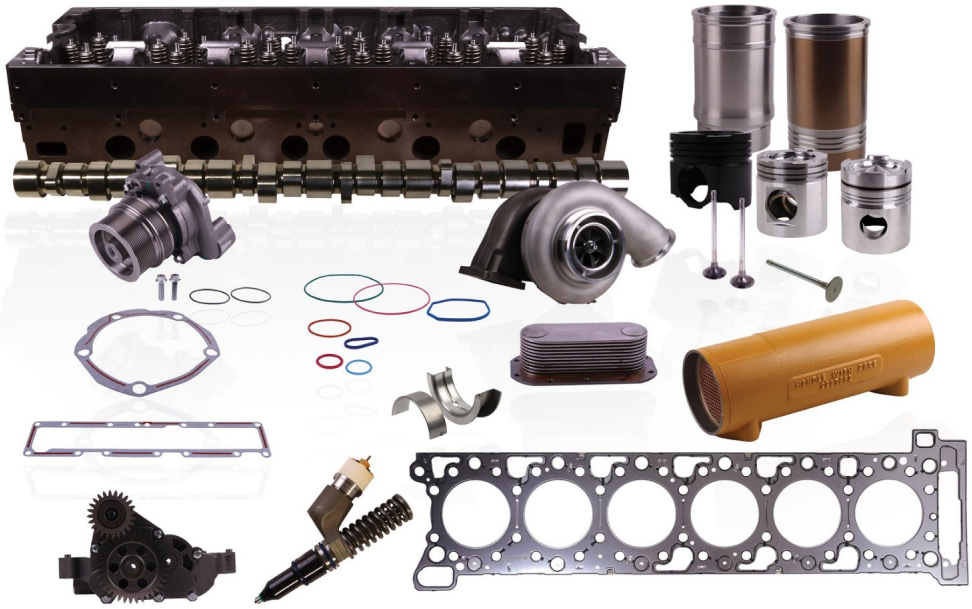

Heavy Duty Engine Parts

LINE CARD · 2026 EDITION

Complete Listing of Available AFA Replacement Parts

Since 1987, AFA has been manufacturing heavy duty engine parts & sealing components with 100% focus on providing value based solutions for the aftermarket. From our beginnings in Detroit, we have expanded into a global engine parts manufacturer with quality control and inspection that is second to none. Materials used in our parts are OE quality or better.

The result is product that meets or exceeds the expected life cycle of any heavy duty diesel or natural gas engine, in any application — guaranteed. Our Shelby Township, Michigan World Headquarters & Distribution Center houses a fully equipped customer service center, and our look-up specialists are ready with immediate answers to any parts inquiry.

Now covering the PACCAR MX-13

AFA brings the same OE-quality-or-better standard to the engine powering today's Kenworth and Peterbilt fleets — cylinder kits, liners, pistons, bearings, loaded cylinder heads, injectors, turbochargers and more.

EMISSIONS GENERATIONS

MX-13 coverage spans EPA 2010, EPA 2013, EPA 2017 and EPA 2021 engines. Have your engine serial number ready and our look-up specialists will confirm the right part.

MX-11

Turbochargers and air compressors available now, with more MX-11 product lines in development.

Volvo D-Series & Mack, one source

Loaded cylinder heads, turbochargers, injectors and oil pans across the Volvo D11, D12, D13 and D16 and the Mack E7, MP7 and MP8 — with the deepest coverage on the D13 / MP8.

SHARED PLATFORM

The Mack MP7 and MP8 share their base design with the Volvo D11 and D13. Ask our look-up team about parts that interchange.
